AUS DOWELS™

Aus Dowels™ is a configuration of timber dowels mounted onto an acoustic backing panel, creating a unique 3D profile. Aus Dowels™ can be used with our acoustic backing fabric, or insulation of your choice, to maximise noise reduction and enhance acoustic properties. Suitable for a wide variety of acoustic applications.

FEATURES

- Extensive range of solid timbers
- Concealed fixings for a seamless look
- Custom sizes available
- Extensive range of panel sizes and thicknesses

BENEFITS

- Improved acoustics for your chosen area
- Australian made product
- Available in a range of different styles, sizes and finishes
- Suitable for a wide variety of applications

APPLICATIONS

Suitable for a variety of applications such as:

- Internal acoustic walls
- Internal acoustic ceilings
- Decorative walls and ceilings in hallways, offices, sporting venues, libraries or auditoriums
