AUS DESIGN™

Aus Design™ is an architectural panel that offers an impressive alternative to traditional flat wall linings. These decorative 3D and 2D wall panels offer limitless design opportunities in any interior space, from stunning lobby walls to functional surfaces for kitchens and restrooms. They can be used as focal points for walls, bars, or even furniture components. Available in a variety of designs, colours, textures, sizes and finishes, the possibilities are endless.

- Available in a variety of different finishes
- Extensive range of panel sizes and thickness
- Custom designs and sizes to suit your selected application
- Acoustic and non acoustic Australian made product

APPLICATIONS

Suitable for a variety of applications such as:

- Internal ceilings
- Internal walls
- Decorative walls and ceilings in offices, libraries or auditoriums

VARIATIONS

AUS Design™ is available in many different variations:

- Square or Chamfer edge profile
- A range of panel sizes and thicknesses
- Acoustic backing fabric (standard black) QuattroT M Panel Backing

“We want our clients to feel confident in the decisions they make.

We believe that by providing them with thorough information and involving them throughout the process, we achieve this goal”.

Step 1: Choose your base material

A. MDF Colour Core
